# BETTER CROPS WI

## *The Pocket Book*

TABLE OF C

1961

JANUARY-FEBRUARY

Those Mellow Years ... *Jeff McDermid* 1
Soil Testing On The Move ... *O. L. Musgrave* 6
What Influences Potash Level? ... *E. J. Kamprath and C. D. Welch* 10
Check Your Plant Food Deficit ... *A. C. Caldwell* 16
Profitable Soybean Yields—Why Not? ... *J. R. Miller* 18
Commercial Fertilizer Trends ... *Bruce Cloaninger* 22
Up Profits $9 Per Acre ... *R. H. Blosser* 26
He Learned To Keep Alfalfa ... *J. D. Burns and J. R. Turner* 30

MARCH-APRIL

"Dear Carrie" ... *Jeff McDermid* 1
Fertilization Affects Corn Production ... *Paul M. Burson, R. D. Curley and C. O. Rost* 4
Potassium In Row Fertilizer For Corn ... *G. A. Wickstrom* 8
Coated Fertilizer In The Future? ... *Kirk Lawton* 18
Tailor-Made Recommendations ... *W. W. Lewis* 20
Elderberry . . . Sambucus Canadensis ... *E. H. Bailey* 29
Mississippi Soils Suitable For Alfalfa ... *H. B. Vanderford* 30
Big Hugh Lives On ... *Santford Martin* 34

MAY-JUNE

California Vineyards Respond To Potash . . . when needed
*James A. Cook and C. Verner Carlson* 2
Weather Affects Corn Response To K ... *A. C. Caldwell and Dwight Hovland* 14
You Can Predict Fertilizer Needs With Soil Tests ... *R. H. Bray* 18
Soybean Champs Tour ... 20
The Soil—"Breast Of Mother Nature" ... *Erwin J. Benne* 28
Top Wildlife Food . . . Low Upkeep Costs . . . Via Fertilizer-Management
Of Utility Rights-Of-Way ... *Dale H. Arner* 34
Glads Like Their Plant Food ... *J. M. Jenkins, Jr.* 38

JULY-AUGUST

(A special issue on Orchard Fertilization)

Fertilizing Western Orchards ... *Omund Lilleland and M. E. McCollum* 1
Applying Fertilizers To Orchards ... *A. L. Kenworthy* 7
Citrus Needs Adequate Nutrition ... *Herman J. Reitz* 10
Apple Nutrition Can Be Multiple Challenge ... *Elwood G. Fisher* 20
Why Pecans Demand Liberal Fertilization ... *L. M. Ware* 28
Get Top Cherry Production ... *F. A. Gilbert* 32
Peach Nutrition ... *Roy J. Ferree* 40

SEPTEMBER-OCTOBER

Keeping Country-Minded Often Sticks ... *Jeff McDermid* 1
Boost Seed Production And Yields Of Later Crops
With Fertilizer ... *Paul M. Burson and Henry W. Kramer* 4
Turf Grass Needs For Lime and Fertilizer ... *J. R. Miller* 12
Johnsongrass—A Real Hay-Maker ... *E. H. Bailey* 18
Much More Lime And Fertilizer Needed Soil Tests Show ... *B. N. Driskell* 24
Basic Principles For A Corn Fertilization Program ... *George D. Scarseth* 30
A Colorimetric Quick-Test For Soil Moisture ... *Seton N. Edson* 38
Why Not Excellent Papers ... 40
"Plant Food Makes 'em Big!" ... *Mary Allen* 43
Four And Two—Twice A Year ... *T. S. Buie* 46

NOVEMBER-DECEMBER

Oh, But To Be A Printer's Devil . . . Once Again ... *Jeff McDermid* 1
Why The Fish Failed ... *H. W. Collingwood* 4
What Is It? ... *Michael Kosinski* 14
Another Ratliff Topper ... *Duane Rosenkrans, Jr.* 22
50 Bushels Of Corn Per Hour . . . By A Man With A Train
J. A. Porter and R. E. Lucas 24
It All Began On May 15, 1862 . . . USDA Centennial Commentary I
*J. Denneth Guthrie* 30
Crop Production . . . USDA Centennial Commentary II ... 34
Time To Lime ... *C. J. Chapman* 42

## *ok of Agriculture*

F) CONTENTS

1962

JANUARY-FEBRUARY

Officers In Overalls ..... *Jeff McDermid* 2
Row and Broadcast Potassium At Work On Corn ..... *H. J. Mederski* 6
More Fertilizer Needed For Crop Yields And Soil Fertility Maintenance ..... *M. B. Sturgis* 18
Better Forage Needed For Dairy Profits ..... *M. E. McCullough* 22
Making Your New Lawn ..... *Richard C. Skogley* 24
Dark Green And Fat ..... *George D. Scarseth* 26
Land Reorganization and Treatment Stimulates Increases ..... *William A. Hayes* 32
Fertilizing Flooded Forests ..... *L. C. Walker* 40
Big, Wide, Beautiful ..... *L. C. Hamilton* 44
Fight Stalk Rot—Greedy Profit Eater ..... 46

MARCH-APRIL

When Corn And Soybeans Need Potash ..... *Verlin H. Peterson* 2
Fertilizer And Lime Express . . . All Aboard! ..... *W. K. Griffith* 8
How Fertility Level And Balance Can Influence Field Corn Production ..... *J. T. Murdock, P. J. Sytangel and R. E. Doersch* 16
Fastest Growing Industry ..... *Peter Edson* 22
Blueprints For Action In Soil Fertility ..... *P. J. Bergeaux and J. R. Johnson* 24
Role Of Fertilizer On Corn Diseases ..... *A. L. Hooker* 34
Old Habits ..... *T. S. Buie* 40
A Look At SCS ..... *R. L. Cook* 42
South Carolina Looks At California ..... *Hugh A. Woodle* 44

MAY-JUNE

(A special issue on Plant Testing)

Tissue Analysis Of Cotton ..... *Glenn W. Hardy* 1
Diagnosing Nutrient Needs In Vegetables ..... *K. B. Tyler and O. A. Lorenz* 6
Yield and Uptake of $P_2O_5$ and $K_2O$ In Alfalfa Fertilization ..... *R. E. Blaser* 14
Plant Analysis . . . Guide To Sugar Beet Needs ..... *Albert Ulrich* 24
Pineapple Crop Log—Concept and Development ..... *W. G. Sanford* 32
Leaf Analysis As A Guide To Orange Nutrition *Walter Reuther, W. W. Jones, T. W. Embleton and C. K. Labanauskas* 44
Plant Analysis . . . Guide For Corn Needs ..... *J. J. Hanway* 50

JULY-AUGUST

Courage And Devotion Never Took Sides ..... *Jeff McDermid* 1
Farmers Who Adjust Can Compete Penn Program Shows ..... *Frederick A. Hughes* 4
4-H Tells The Fertilizer Story ..... *John Falloon* 24
Team Tall Fescue With Ladino Clover—For Profit-Building Forage ..... *W. R. Paden* 28
Fertilize Soybeans? ..... *Werner Nelson* 36
Mr. Tomato Marches On ..... 42
Why Champs Are Champs ..... *Roscoe Fraser* 44

SEPTEMBER-OCTOBER

Our Kinfolk Stood With One Strength No Science Can Replace ..... *Jeff McDermid* 1
Of Soybeans And Corn ..... *Robert W. Howell* 4
Which Makes Best Pasture—Grass Or Grass-Clover . . . On Florida Flatwoods Soils? ..... *W. G. Blue and Nathan Gammon, Jr.* 6
Changes In Land Use And Fertilizer Demand ..... *K. L. Robinson* 16
How Testing Tells ..... *Art King* 24
Fertilizer Recommendations On Organic Soils ..... *R. E. Lucas* 34
Are New Approaches Needed . . . In Agronomic Science? ..... *W. G. Duncan* 42

NOVEMBER-DECEMBER

Which Way? ..... *W. D. Lewis* 2
Soil And Plant Tests Guide Alfalfa Growers ..... *W. H. Mitchell* 6
Two Tools In Corn Fertilization . . . Chlorophyll and Nitrogen Analysis *Rodolfo P. Peregrina R.* 10
Potassium At Work On Filbert Yields—And Profits ..... *John H. Painter* 24
Needs Towers Over Usage ..... *William F. Bennett* 28
Farmers Follow Tests ..... *Harold Shoemaker and Wade Andrews* 32
Successful Soil Tours . . . Reap Miniature Monoliths ..... *M. T. Beatty* 34
